

Glen at 80legends.com recently sat down with Matt to conduct a brief interview. We encourage you to check out [www.80slegends.com](http://www.80slegends.com) for all the info about your fav 80s music and musicians. It is a truly fun site!

It was a great privilege that I recently got to chat with highly respected guitarist, singer songwriter Matt Backer. His list of recording credits includes Visage, Elton John, Swing Out Sister, Ton Hadley and Sinead O'Connor. Matt very kindly made himself available after rehearsals and just before a very busy schedule which included a video shoot for a documentary with Julian Lennon and a trip to Singapore to perform with Bananarama and Belinda Carlisle. - See more at: <http://80slegends.com/matt-backer-a-very-british-american/#sthash.0ccN6XPv.dpuf> <http://80slegends.com/matt-backer-a-very-british-american/>
